

Control (cont.)	When the building proprietor performs inspection at the building site, he shall check the markings to ensure that the correct products have been supplied and that they are used in accordance with the requirements stated in the approval and the associated documents. He must also check that the product is accompanied by a manufacturing assurance, which certifies that the product has been manufactured in accordance with the documents on which this certificate is based.														
Manufacturer	Production control includes the following site: Lindab Profil AB, Båstad.														
Marking	The products are to be marked at the factory. The marking consists of a text on every product/packing supplied and includes:														
	<table border="0" style="width: 100%;"> <tr> <td style="width: 60%;">Approval holder/Manufacturing site</td> <td style="text-align: right;">Lindab Profil AB, Båstad</td> </tr> <tr> <td>Boverket's registered trademark</td> <td style="text-align: right;">+</td> </tr> <tr> <td>Certification body and accreditation number</td> <td style="text-align: right;">SP SITAC 1002</td> </tr> <tr> <td>Product type designation</td> <td style="text-align: right;">type designation</td> </tr> <tr> <td>Approval number</td> <td style="text-align: right;">0974/75</td> </tr> <tr> <td>Consecutive manufacture No./date of production</td> <td style="text-align: right;">No./date</td> </tr> <tr> <td>Inspection body</td> <td style="text-align: right;">SP</td> </tr> </table>	Approval holder/Manufacturing site	Lindab Profil AB, Båstad	Boverket's registered trademark	+	Certification body and accreditation number	SP SITAC 1002	Product type designation	type designation	Approval number	0974/75	Consecutive manufacture No./date of production	No./date	Inspection body	SP
Approval holder/Manufacturing site	Lindab Profil AB, Båstad														
Boverket's registered trademark	+														
Certification body and accreditation number	SP SITAC 1002														
Product type designation	type designation														
Approval number	0974/75														
Consecutive manufacture No./date of production	No./date														
Inspection body	SP														
Basis for approval	Report P005074A and P400319A from SP Technical Research Institute of Sweden. Drawing List dated 25 August 2011.														
Comments	The products are where indicated made in accordance with SS-EN 612:2005 or SS-EN 1462:2004. This approval supersedes the previous certificate with the same number dated 4 July 2006, and with project number T000931-01.														
Period of validity	This approval is valid until 31 August 2016.														

The formal validity of an approval expires after the transitional period for the harmonised specification that makes it possible to CE-mark the product. However, the technical assessment showing that the product fulfils the requirements in the building regulations, issued by the Swedish National Board of Housing, Building and Planning, is not affected.
